STATISTICAL ABSTRACT
OF
TENNESSEE HIGHER EDUCATION

1979-1980

INTRODUCTION

This fifth annual Statistical Abstract of Higher Education in Tennessee covers a broad quantitative range of higher education activities in the state from simple counts of student enrollment and degrees conferred to complex analyses of the flow of student transfers among public institutions. This wide range of information should be useful to the decision makers who are involved at all levels of planning for higher education's future and to state agencies and other concerned organizations and individuals.

The data were compiled by THEC from information supplied by institutions, higher education governing boards, the Southern Regional Education Board, the Tennessee Council of Private Colleges, the Tennessee Student Assistance Corporation, and the National Center for Education Statistics.

Special appreciation is extended to officials in the public and private institutions and agencies whose assistance and cooperation have been invaluable in the production of this Abstract.

NOTES

Diversity among institutions and changes that take place within a higher education system such as that in Tennessee create comparability and procedural problems in compiling statistical data. The notes below reflect such problems for certain programs and institutions.

The College of Veterinary Medicine receives a separate appropriation and is not listed with UT, Knoxville, in Table 42 - State Appropriations, Table 43, Unrestricted Expenditures, and Table 47 - Capital Outlay Appropriations. The College is included with UT, Knoxville in all other tables.

The University of Tennessee at Nashville became part of Tennessee State University (TSU downtown) in the State Board of Regents System on July 1, 1979. For ease in reporting, this abstract reports data on the downtown campus prior to Fall 1979 as part of the UT System and as of Fall 1979 as part of the Regents System. This factor should be recognized relative to financial and enrollment changes at both systems.

George Peabody College for Teachers (George Peabody) merged with Vanderbilt University on July 1, 1979. To provide consistent 1978-1979 comparisons, Fall 1978 enrollment for George Peabody was reported with Fall 1978 enrollment for Vanderbilt.

The UT Center for the Health Sciences and ETSU Medical School uses procedures which are different from those used by other institutions in reporting part-time, full-time, FTE, and first-time freshman enrollment. Thus, such data presents incomparability for the center, and are not included herein.

The University of Tennessee Space Institute is a special center of the University of Tennessee, Knoxville, and in 1976, the Institute became a separate line item in the budget. The facility is treated as a separate institution in this publication. Prior to 1976, enrollment at the institute was included with enrollment at UT at Knoxville. This factor should be recognized relative to enrollment changes at UT.

Nashville State Technical Institute, State Technical Institute at Memphis, State Technical Institute at Knoxville began reporting student and institutional data to THEC in Fall 1977. Tri-Cities State Technical Institute began reporting in Fall 1978. Prior to 1978 in some instances technical institutes utilized a different methodology in the collection of student data and this factor should be recognized in making 1977-1978 comparisons.

Amounts for some institutions may vary with those reported on the summary budget sheets due to inconcistencies with longevity pay. Institutions revised their appropriations to match those above with the October 31, 1980 budget revisions. Amounts for 1980-81 are before any required impoundments.
